Time	Activity	Topic
0730	Registrations – Royal Children's Hospital, Health and Education Learning Precinct (HELP), Level 1	
0800	Welcome & introduction	Professor Neil Patel and Dr Arun Sett
0830	Session 1: Opening the black box	Components of circulation
0930	Session 2: Beyond blood pressure	Clinical evaluation, including echographic measures
1030-1100	Morning Tea	
1100	Session 3: One size does not fit all	Haemodynamic phenotypes and principles of targeted haemodynamic therapy
1200	Case discussions	Group activities (simple to start)
1230-1330	Lunch	
1330	Session 4: HIE and Sepsis, PPHN phenotypes, Altered flow states	Pathophysiological approach to hemodynamic management
1430	Case discussions	Group
1530	Afternoon tea	
1600	Case discussions	Group
1700	Final reflections	
1730	Close of day
